Woo Pig! Ham & Cheese Melt, fresh greens and tomato added right off the grill

Sweet Bites

Dessert from Brown Sugar Bake Shop. We change it up weekly, so be sure and ask your server.

Cheese Flights \$8 | \$10 W/Charcuterie

Our cheese "flights" listed below serve 2-3 people. Each flight highlights a different style of cheesemaking and includes cracker bread and a side.

The House

Kent Walker Cheeses only. This flight features only cheeses we have made in house and displays a wide array of cheese styles. In addition to our regular offerings, there are also Seasonals, "One Offs", and Reserves available.

Green Dragon

Funky cheeses galore! A spread of blue and washed rind cheeses from all over the world. Get ready for adventure if you tackle the dragon!

Fromage Blanc

No cow cheese to be found here. Goat, Sheep, and Water Buffalo milk are known for their high milkfat content. This leads to some delicious cheeses. Unlike cow cheeses, these will not turn orange as they age due to the lack of the protein "keratin" in the milk.

Orange Door

Cheddar is the most popular variety of cheese in the world! We pay homage to that with a Cheddar only flight. The term "Cheddar" is controlled very strictly and can only be called cheddar if made with the traditional recipes from the town of Cheddar, England.

The Monger \$10 | \$12 W/Charcuterie

Ready for a cheesy surprise? It may be a dessert plate or perhaps some reserve cheese with local jam. It just depends on which Cheesemonger is working today!

Canned Sodas- \$1 Mountain Valley Water- \$2.50
